Hunters Pt Rad Mtg 4-12-2016 - list of issues.docx

Sorry I forgot to send this to you yesterday about the 4/12 technical mtg with Dan Hirsch, Bradley Angel, and others. I am sure that all these issues and more will be featured at the 4/21 evening community mtg 6-8. I will be driving and can give a ride to 3 more people (or 4 if you don't mind squeezing). It would not surprise me if press show up at this 4/21 mtg.

Subject: REVIEW & followup - Notes on list of issues from 4/12 mtg re Hunters Pt & Rad

Thank you for participating in the meeting yesterday. I checked my notes and drafted this list of issues raised that I remember from yesterday's conf call on Hunters Pt & Rad. Could you please check your notes and let me know any corrections/additions?

Also, let's talk about how to respond. I set up a planning mtg for next Mon for the 4/21 mtg. But in the mean time:

I'm working on all of them (unless it's obvious the Navy should be the lead), and I talked to

Rachel Tennis (R9 attorney) re 1, 2b, 5d, 6, and 7b yesterday.

Rob, could you please take the lead on drafting responses to 2a, 2b, 2e, 2g, all of 4? Rob, for all of #5, maybe we should sit down with Dan Stralka (R9 toxicologist), since he is familiar with the controls in place on dust, transport, and on institutional controls. I'll look on your calendars and try to find a time that works.

Of course, this attached list is draft.
